

BECAUSE YOU'RE STILL MY FRIEND?

When I heard the news that morning,
Could not hide my tears.
For so many times my friend
Was there to calm my fears.

CHORUS

And we walked together on those roads
That life placed us on.
Travelled many weary times
'Til we reached the end.
Never knowing what we'd face,
We just carried on.
Even though I know you're gone
I am not alone.
I will still go down life's roads
Because you're still my friend.

Though no more in this world to live:
My friend's taken home.
But the memories linger on
Of all the times we'd roam.

CHORUS

And the memories are forever.
Time will not erase.
'Cause of all the joys we shared,
The laughter never fades.
